

SECTION 2.10

Job Descriptions Other Committees and Positions

Subsection 2.11

Worship Committee

The Worship Committee would not be a standing committee, but would exist as a matter of policy only, consisting of the Music Chairperson and the Christian Enrichment Chairperson.

The Committee would function under the direction of the Pastor according to need.

The Committee chairpersons (or the individual designated by that committee chairperson), would help the Pastor in preparing special services. They would be a means of feedback to the Pastor.

The function of this proposed committee should not be directly compared with worship committees which have existed in the past.
